## PROJECTS

### Time table generator

Visit :

<https://tulascse.epizy.com/?i=1> 

Our Timetable Generator project simplifies scheduling by automatically creating organized and clash-free timetables for our College

### College Management

Developed a MERN stack app for streamlined college management, encompassing course organization, attendance tracking, and performance assessment. Improved access to records and marks.

Implemented password recovery feature for added account security and convenience.

### Blog

Developed a MERN stack blog app enabling user authentication, account management, and full control

over creating, updating, and deleting blog posts. Real

time features include liking and commenting on posts

### Image recognition

Utilized image recognition to locate missing individuals, contributing to the "Find Missing People" project and reuniting families effectively.
